

## CLOSED CIRCUIT TELEVISION (CCTV) POLICY

### 1. Introduction

- 1.1. The BrimptonVillage Hall\_is a Charity and managed by the Trustees (charity no 237692 ).
- 1.2. The Trustees set policies and procedures for the smooth and safe running of the Hall.
- 1.3. This document sets out the Village Halls Closed Circuit Television (CCTV) Policy.

### 2. Purpose

- 2.1. Closed circuit television (CCTV) is installed at Brimpton Village hall to deter crime and vandalism, to prevent the loss or damage to property and to provide a safe and secure environment for Trustees, hall users, contractors and visitors.
- 2.2. The system comprises 4\_fixed cameras. There is no sound recording capability. The CCTV is monitored by the Trustees of the hall.
- 2.3. The use of CCTV, and the associated recorded images, is covered by the General Data Protection Regulation and Data Protection Act 2018.
- 2.4. This policy outlines the Centre's use of CCTV and how it complies with the Act.
- 2.5. All authorised employees with access to images are aware of the procedures that need to be followed, and the restrictions in relation to access to, and disclosure of, recorded images.

### 3. Need

- 3.1. The hall complies with Information Commissioner's Office (ICO) CCTV Code of Practice<sup>1</sup> to ensure it is used responsibly.

## 4. Policy Points

### 4.1. Warning Signs:

4.1.1. CCTV warning signs will be clearly and prominently placed at all external entrances to the premises. Signs will contain details of the purpose for using CCTV.

### 4.2. Siting the Cameras and Coverage:

4.2.1. The planning and design has endeavoured to ensure that the CCTV system will give maximum effectiveness and efficiency but it is not possible to guarantee that the system will cover or detect every single incident taking place in the areas of coverage.

4.2.2. Cameras will be sited so they only capture images relevant to the purposes for which they are installed (described in 2.1 above) and care will be taken to ensure that reasonable privacy expectations are not violated. The Hall will ensure that the location of equipment is carefully considered to ensure that images captured comply with the Data Protection Act.

4.2.3. The Hall will make every effort to position cameras so that their coverage is restricted to the Hall premises, which may include public areas.

4.2.4. CCTV will cover external entrances/exits of the premises, the car park and area at rear of hall.

### 4.3. Storage and Retention of CCTV images:

4.3.1. Recorded data will be retained for upto 31 days and then overwritten. While retained, the integrity of the recordings will be maintained to ensure their evidential value and to protect the rights of the people whose images have been recorded.

4.3.2. All retained data will be stored securely.

### 4.4. Access to CCTV images:

4.4.1. Access to recorded images will be restricted to those trustees authorised to view them and will not be made more widely available.

### 4.5. Subject Access Requests (SAR):

4.5.1. Individuals have the right to request access to CCTV footage relating to themselves under the Data Protection Act.

4.5.2. All requests should be made in writing to the Trustees. Individuals submitting requests for access will be asked to provide sufficient information to enable the footage relating to them to be identified; i.e. date, time and location. A fee of £10 will be charged per request. The Trustees will respond to requests within 40 calendar days of receiving the written request and fee.

4.5.3. The Hall reserves the right to refuse access to CCTV footage where this would prejudice the legal rights of other individuals or jeopardise an ongoing investigation.

4.6. Access to and Disclosure of Images to Third Parties:

4.6.1. There will be no disclosure of recorded data to third parties other than to authorised personnel such as the Police or other official investigators.

4.6.2. Requests should be made in writing to the Chair of Trustees.

## **5. Complaints**

5.1. Complaints and enquiries about the operation of Brimpton Village Hall CCTV system should be directed to the (John Dolphin (Chairman) [brimptonvh@btinternet.com](mailto:brimptonvh@btinternet.com))

## **6. Review**

6.1. This policy will be reviewed at least annually by the Trustees or when new legislation requires this policy to be updated. The CCTV Notice appended to this policy forms a checklist for the Sub-Group's use and can also be displayed on the Hall's noticeboard to provide assurances on the proper use of CCTV to staff, Hall users, contractors and other visitors.

## CCTV NOTICE

The CCTV system installed and the images produced by it are controlled by the Brimpton Village Hall Charity who is responsible for how the system is used.

The Trustees have considered the need for using CCTV and have decided it is required for the prevention and detection of crime and for protecting the safety of Volunteers, staff and users. It will not be used for other purposes. We conduct an annual review of our use of CCTV using this checklist.

Date of Review: **01-Jul-2022**

Criteria	Checked
There is a named individual who is responsible for the operation of the system.	✓
The problem we are trying to address has been clearly defined and installing cameras is the best solution. This decision should be reviewed on a regular basis.	✓
A system has been chosen which produces clear images which the law enforcement bodies (usually the police) can use to investigate crime and these can easily be taken from the system when required.	✓
Cameras have been sited so that they provide clear images.	✓
Cameras have been positioned to avoid capturing the images of persons not visiting the premises.	✓
There are visible signs showing that CCTV is in operation. Where it is not obvious who is responsible for the system, contact details are displayed on the sign(s).	✓
Images from this CCTV system are securely stored, where only a limited number of authorised persons may have access to them.	✓
The recorded images will only be retained long enough for any incident to come to light (e.g. for a theft to be noticed) and the incident to be investigated.	✓
Except for law enforcement bodies, images will not be provided to third parties.	✓
The potential impact on individuals' privacy has been identified and taken into account in the use of the system.	✓
The organisation knows how to respond to individuals making requests for copies of their own images.	✓
Regular checks are carried out to ensure that the system is working properly and produces high quality images.	✓

Date of next Review: 01/07/23
